Subject: TARE Scheme – Pre-call information

SERB India

Science and Engineering Research Board

(Statutory Body Established Through an Act of Parliament : SERB Act 2008)

Department of Science and Technology, Government of India

Dear Committee Members / Principal Investigators / Reviewers,

Science and Engineering Research Board, Department of Science and Technology, Government of India introducing a new scheme TEACHER ASSOCIATESHIP FOR RESEARCH EXCELLENCE (TARE) to tap the latent potential of many researchers working in state universities, colleges and in private academic institutions who are well trained, and capable but they find it difficult to pursue their research for varied reasons including lack of funding, motivation, guidance among others. This scheme aims to facilitate mobility of faculty members working in a regular capacity in State Universities / Colleges and in private Academic Institutions to carryout research work in an established public funded central institution.

About 500 awards per year will be granted covering all the subject areas. Research fellowship of Rs. 60,000/- per year (in addition to the researcher's own salary) will be provided subject to completion of mandatory 90 days work per year in the host institution. Research grant of Rs. 5 lakhs per annum (50% each to host and parent institution) and overheads (as per SERB norms) will be provided as part of the support.

I hope that you would find the Scheme will provide a window for many young academicians to restore their research to the next higher level. You are requested to share this information with your colleagues and other peers.

Call for the proposals for this year will be notified shortly in the online portal. To know more
