#### CENTRE FOR ADVANCED FACULTY TRAINING IN HORTICULTURE (VEGETABLES) (ICAR)

# ADVANCED TRAINING COURSE

ON

#### NUTRITIONAL SECURITY THROUGH DIVERSIFIED VEGETABLE PRODUCTION

February 02-22, 2024

DEPARTMENT OF VEGETABLE SCIENCE

DR YS PARMAR UNIVERSITY OF HORTICULTURE & FORESTRY NAUNI, SOLAN (HP) 173 230

### **INTRODUCTION**

The ICAR, New Delhi has identified the Department of Vegetable Science, College of Horticulture, Dr YS Parmar University of Horticulture and Forestry, Nauni, Solan (HP) as a Centre for Advanced Faculty Training in Horticulture (Vegetables). The CAFT is entrusted with the organization of specialized and advanced training for the State Agricultural University teachers/ ICAR scientists to update their knowledge and skills. The main objective of training courses conducted under CAFT is Human Resource Development in the discipline of Vegetable Science within the country. This centre is organizing an advanced training course of 21 days on **"Nutritional Security Through Diversified Vegetable Production" w.e.f. February 02-22, 2024.** Hopefully, the course would be very useful, interactive and the participants would be greatly benefitted.

Vegetables are protective foods embedded with vitamins, micronutrients, pharmaceutical and nutraceutical compounds which are necessary for human health. Cultivation of vegetables provides livelihood security through employment and recent developments in the field of production and breeding of commercial vegetables and rare/ exotic vegetables under open and protected conditions and dissemination of the latest technologies generated among the stakeholders is of paramount importance. New technologies and varieties require complete package of practices suitable for obtaining their full potential yield under different agroclimatic conditions, which are diverse, starting from sea level to the perennial snow covered mountains. Therefore, the proposed training is highly relevant for helping the scientific community in up-gradation of the knowledge and skills regarding recent production technologies including organic and natural farming under open and protected conditions for newly developed varieties and their seed production.

## **PARTICIPATION & ELIGIBILITY**

Sponsored faculty members not below the rank of Assistant Professor/ Scientist or equivalent from SAU/ ICAR Institutes are eligible to participate in the training programme. The status of selected candidates will be made available on the CBP Vortal itself. They will also be informed through e-mail.
