Dear Sir,

FMC is an agricultural Sciences company that advances farming through innovative and sustainable crop protection technologies. From our Industry leading discovery pipeline to unique application systems, to modern biological products, we are passionate about bringing new solutions to growers around the world. This year FMC is going to launch a new innovative herbicide for Phalaris minor control in Wheat crop. For this purpose, FMC is hiring winter trainees from various agricultural institutes.

Job Description- The students will be Participating in mandi campaigns, canopy campaigns and Point of Purchase thereby helping in on ground execution of launch programs.

This training program will ensure an on-ground learning for the students. They will also get-

- 1st hand exposure of Promotional campaigns in Agri Input Companies
- Technical and Practical Knowledge transfer along with information about FMC and its processes

FMC will be providing a Certificate of Winter Internship to the students which will help them in their career.

Time period of the training is 45 days i.e. Nov-DEC.

Stipend- 10000 Fixed

Thanks & regards,

Keval Singh Brar
