**About the International Conference:** India is blessed with the cultural heritage and legacy of agriculture and other sectors. At present India is preparing for "Viksit Bharat 2047" the government's vision to transform the country into a self-reliant and prosperous economy by 2047. Economic growth, technological upgradation, infrastructure development, social empowerment, and sustainability are the criteria of this programme. The three Day International Conference being organized by University for Agricultural Sciences (UAS) Raichur, Karnataka and National Agriculture Development Co-operative Ltd. (NADCL) shall address the rapid strides and technological advancements currently witnessed in the fields of agriculture, animal husbandry, horticulture and other related sectors. The conference aspires to exhibit the technical excellence of budding technocrats, research scholars, representatives from the academia and industry. This conference aims to bring together the best of globally acclaimed research professionals. Such an initiative shall bring plant and animal scientists, academicians, research scholars, students, policy makers, administrators, innovative farmers and other investors/entrepreneurs to discuss the recent trends and initiatives in veterinary, agricultural and allied sciences. This conference will witness a number of talks by plenary speakers, invited speakers and also oral and poster presentation sessions under the thematic areas of agriculture, veterinary and allied sciences.

#### **About the Organiser**

**University of Agricultural Sciences, Raichur** was established in November 2008 with the jurisdiction of Kalyana Karnataka region comprising of seven districts of Karnataka state viz., Bidar, Kalburagi, Yadgir, Raichur, Koppal, Vijayanagar and Ballari and motto of greening the life of farming community through education, research and extension.

In this context, UAS, Raichur, has been working towards providing agricultural education to sensitize the farming community with scientific innovations to uplift the socio-economic status of the farming community through strong Research and Extension linkages.

**The National Agriculture Development Co-operative Ltd. (NADCL)** is primarily established to serve as a bridge for communication between agriculture scientists, extension workers and farmers with a view to maintain a record of the problems faced by the farming community and the same problem is given as assignment to the agriculture scientists to find the solution. Formation of a progressive farmer is the work of agriculture scientists, extension workers and management of National Agriculture Development Co-operative Ltd. Blending of the influences of these three, bring an effective result in the doubling of farmer's income. Needless to say, the National Agriculture Development Co-operative Ltd. desires to have your co-operation in order to develop atmosphere conducive to aware farmers about innovative agriculture practices to yield best results for the progress of the farming community. To achieve the goal; it is essential that the National Agriculture Development Co-operative Ltd. agriculture scientists, extension workers and farmers should work together.

#### **Objective of Conference**

The conference aims at bringing together researchers, academicians and people from corporate across the globe to present and / or discuss ideas, results, problems and experiences in sustainable innovations in agriculture, veterinary and allied sciences.
