**Notice**

This is to bring to the kind notice of different departments of the University that a Generator Set (Kirloskar Cummins Ltd make) was transferred and installed in the mushroom production unit of this department most probably during 1987. There are no cross entries of this generator in our department. As it is not in a working condition since long time so needs to be auctioned. It is therefore requested to provide the details of entries of this generator set, if available with any department of the university within 15 days, failing which, information would be considered Nil and further action will be initiated accordingly.
